The markets do not seem to be any more of a problem than they have been in the past with Slims Tennis and Club B&H. We expect criticism and we'll deal with it. Appears from your memo that activity will take place in enclosed, private settings, which is different from/almost better than the old Club B&H at fairs and festivals or Legends. Good thing you are doing L.A. this year because come Jan. 1, 1997, smoking will be banned in all bars, and I assume activity like this will go with it. I do have some concerns about this being urban only and just want some further clarification so we can respond appropriately. Bob and Yvette: can we discuss further? KD.
